Why take out international insurance?

Whatever your profile or destination, good health insurance is essential.

Accidents or health problems are always a possibility and the cost of healthcare varies greatly from country to country.

MyTravel Cover is the insurance solution to suit your needs and circumstances and help you avoid any nasty surprises!

Why take out insurance?

1

Medical expenses that can quickly build up:

The cost of medical care abroad varies greatly from one country to another and can be very expensive. Very often, the cover you have at home isn't valid abroad.

2

You won't be covered by the French Social Security:

- > cover is not always provided,
- > reimbursements based on French rates.

3

In Europe, the European Health Insurance Card (EHIC) doesn't provide you with a sufficient level of cover:

- > limited access to public sector health professionals and facilities (waiting times can sometimes be very long),
- > no free choice of doctor,
- > no certainty that your card will be accepted,
- > sometimes, significant out-of-pocket expenses.

4

Cover from bank cards only applies to stays of 3 months maximum:

With a "basic" bank card, there's a minimum deductible of €50 per treatment or procedure and an overall cover limit of €11,000.

Understanding the MyTravel Cover plan

This is the solution for you if:

- You are working holidaymakers, travellers, globetrotters, or short-term expats all around the world (including France).
- You are staying abroad or in France for less than 1 year on a trip, a short stay or a working holiday programme (cover extended to 18 or 24 months in Canada if required for visa purposes).

Our answers

to your most frequently asked questions

How do I pay my premium?

The premium is payable in full when you take out the insurance. It can be paid by credit card, PayPal or SEPA Direct Debit. Payment in monthly instalments is only possible by SEPA direct debit and there's an instalment charge of €3 per month.

How soon will I be covered?

Your cover will take effect from the start date of cover shown on your certificate, and no earlier than the day after you purchase the insurance plan.

Can I choose my own doctor? Do I have to pay for my care up front?

You can consult any health professional you want, except in the United States, where we only cover consultations with members of our AETNA network, through our partner, Global Excel.

And so that nothing comes as a surprise, please note that dermatology, non-generic drugs, routine dental care and alternative medicines are not covered under this plan.
